29 HIGH SCHOOLS IN ANNUAL MEET

MANY ENTRIES FOR LITERARY, ATHLETIC EVENTS 23-24.

MARYVILLE AFTER ALL

Local Students Will Compete on Track and for Declamation and Essay Honors.

The sixth annual literary and athletic contests at the State Normal school, April 23 and 24, by the Northwest Missouri Inter-High school association promises to be the best ever, judging from the number of entries already in and by the records the contestants made in the preliminary contests last week. The final day for entries closed Saturday night, although a number of entries, mailed from over the Normal district late Saturday, had not arrived here yesterday morning.

But even with just the number received up to that time it is shown that the meet this month will be the best ever. Twenty-nine schools from the district had entered competitors for either literary or athletic contests, or both, yesterday morning, and more were coming in the mail. The recording of the additional entries will not be made before Tuesday, however, on account of the absence today of Prof. H. P. Swinehart, corresponding secretary, who is in St. Joseph.

Strong Local Team Assured.

The Maryville high school also is to be a big factor in the athletic meet and also the declamatory contests this year, if present appearances are borne out, when the final time arrives for the try-outs. Central high school at St. Joseph, of course, is to be reckoned with and likewise Chillicothe. Maryville will be in the race good and strong, the boosters aver.

Of the twenty-nine high schools enrolled yesterday morning twenty-two were in athletics, eleven in the essay contests and perhaps the same number or more in both the boys and the girls declamatory contests. Of the total number, seventeen were entered last year, while twelve are new ones. Only three high schools of Nodaway county had then been recorded, they being Maryville, Hopkins and Skidmore. Quitman will not be among those present this year.

These Have Entered.

Schools that had been enrolled yesterday morning and the contests they are intending to take part in follow:

Bethany—Athletics.
Corning—Athletics.
Rosendale—Athletics.
New Hampton—All but boys declamation.
Platte City—All but girls declamation.
Chillicothe—All.
Grant City—All but essay.
Tina—Athletics.
Hamilton—Athletics and essay.
Skidmore—Athletics.
Mound City—Athletics and girls declamation.
Savannah—All but essay.
Weston—All but boys declamation.
Maryville—All.
Liberty—Athletics.
Trenton—All.
Breckenridge—All but essay.
Tarkio—All but essay.
Maitland—All but essay.
Pattonsburg—Athletics.
Stanberry—Girls declamation and athletics.
St. Joseph Central—All.
Easton—Essay.
Braymer—Essay and girls declamation.
Hopkins—All but athletics.
Cameron—Essay.
Jamesport—Declamations.
Gilman City—Declamations.
King City—Girls declamation.

Many Are New Ones.

Of this number the following were not present last year: Pattonsburg, Cameron, King City, Corning, Hamilton, Braymer, Skidmore, Tina, Hopkins, Jamesport, Easton and Gilman City.

Several schools entered last year had not yet been recorded yesterday, though it is believed fully as many, if not more, than last year, will take part in the contests. Only four so far entered in athletics have placed entries for all fifteen of the events. They are Chillicothe, Maryville, Trenton and St. Joseph Central.

No school can bring more than twelve men in the athletic team, nor run more than two in any event except the relay, when four are required. They can enter as many as five for each event, however.

The essays will be sent immediately to the three essay judges, who will pass upon their efficiency and return their decisions by the time of the contest, April 23. None of the three judges live here nor at any place where entries have been made. No student is given the names of the judges, nor the judges the names of the essay contestants, each essay being merely numbered.

The various places at which these meetings will be held are H. E. Wright, 1122 North Main; R. S. Braniger, 616 North Buchanan; Preston Seafers, 549 West Second; H. C. Bower, South Buchanan; S. J. DeArmond, 324 East Third, and A. J. Harris, 1321 East First.

ALL TOOK AN AIRING.

Woods, Roads and Streets Drew Out Maryville Folks Yesterday.

Yesterday was an ideal day for a spring airing, and many folk of Maryville took advantage of it. The streets were lined fairly well with the paraders, in auto, buggy, afoot and in perambulator, but the rural highways, railroad tracks, meadows and pastures near town caught a greater percentage of them.

They went in the morning for an airing, again that afternoon and still again at night, so joyous was the day, so warm and inviting the sun and so joyful did the landscape beckon.

CLEAN-UP, THE WATCHWORD.

Clean-up day is coming so see what you can do
To brighten things around you, and make 'em look like new;
Clean up your mind of worry, and doubt and every fear,
And brighten up your future with a lot of hope and cheer.

Paint up a mental picture of what you want to do,
And frame it with self-confidence, and hang it in plain view;
Then get your broom and shovel, or the rake or an old hoe
And help our Maryville to brace up and make a show.

CIVIC CLUB MEETS

COMMERCIAL BODY ELECTS DIRECTORS TOMORROW NIGHT.

IS EIGHTH ANNIVERSARY

Banquet, Music, Election, Reports and Talks Will Fill Program at Ninth Annual Session.

The ninth annual business meeting of the Maryville Commercial Club to be held at the Elks club tomorrow night, beginning with a banquet at 6:30 o'clock is not going to be all routine, dull business, as the name would indicate. Besides the "eats" which are to be plentiful and tasty, there will be music, good music and a fair bunch of it, and several extemporaneous addresses by club members "for the good of the order." The meeting also will mark the anniversary of the Club, it being founded April 23, 1907.

During the feast, which will come first of course, musical selections will be given by Miss Bess Scott and Frank Schumacher and Maulding's orchestra.

Dinner partaken of, President Fred Hull will arise as oatstmaster and president of the club, and make a short talk. Then W. R. Jackson, secretary and general booster for the club Maryville and Nodaway county, will make his annual report.

In the wake of Secretary Jackson's report will come one from Joseph Jackson, Jr., chairman of the finance committee.

Then the election of three directors of the club to supplant the three retiring ones—J. F. Hull, W. F. Phares and Paul Sisson—will be held. Each is chosen for a term of three years, there being nine on the board. It is now composed of Dr. Jesse Miller, John H. Sewell, C. C. Hellmers, Joseph Jackson, Jr., Albert Kuchs, Charles Wadley, J. F. Hull, W. F. Phares and Capt. Paul Sisson.

The informal talks will close the meeting. The speakers will be several in number and picked at random through the crowd.

GOES TO ATTEND FUNERAL.

Sister of Mrs. W. A. Rickenbrode Dies Saturday at Paola, Kan.

W. A. Rickenbrode, registrar of the Normal, left this afternoon for Paola, Kan., to attend the funeral services of his sister-in-law, Mrs. J. O. Rankin, who died Saturday afternoon.

Mrs. Rickenbrode left Saturday morning for Paola, called by her sister's illness, but failed to reach there before Mrs. Rankin died.

Mrs. Rankin was the wife of Judge J. O. Rankin of the tenth judicial district court of Kansas. She suffered a stroke of paralysis about ten days ago, the illness resulting in her death. She is survived by her husband and a son and daughter. Both children are students this year at Baker university, Baldwin, Kan. The funeral services will be held tomorrow morning.

MAY ADD "OFF-HAND" DEBATING.

Local Officers of High School Association, Study Public Speaking at St. Joseph.

A study of a public speaking contest of the Central high school at St. Joseph today, for the purpose of perhaps adding that or extemporaneous debating in the annual inter-high school contests here in 1916, is being made today by local officers of the Northwest Missouri Inter-High School association. They are Prof. H. P. Swinehart, corresponding secretary, and W. M. Westbrook, treasurer. Prof. F. C. Touton, principal of the Central school, also is a member of the investigation committee.

It is planned by the committee to study some new addition to the annual contests, and present the matter to the general committee when it meets here April 23. The declamatory and oratorical contests and essays would not be eliminated, however, but merely this new feature be added.

Mrs. Turner at Hospital.

Mrs. W. Ben Turner of Sayre, Okla., underwent an operation for appendicitis this morning at St. Francis hospital. Her condition this afternoon was very good. Mrs. Turner and small son, William George, came to Maryville a short time ago to visit Mrs. Turner's mother, Mrs. W. A. Bonewitz, and Mr. Turner's sister, Mrs. Augustus Romasser.

LEECH GETS LOVING CUP

Donor Presents Trophy to Normal Athlete at Assembly This Morning.

Howard Leech, the Normal school indoor track champion, as determined by the track meet last Friday night, was presented with the DeHart & Holmes trophy this morning during the assembly hour at the Normal.

The handsome loving cup was presented by Louis DeHart. Mr. DeHart said the firm would continue to offer a cup each year. He also stated that next year an effort would be made to offer more prizes than the cup in order that a greater number of the contestants might be rewarded for their efforts in track endeavor.

The object of the meet was merely to stimulate a greater interest in track work and in some measure to begin preparations for the inter-collegiate track meet which is to be held at Springfield in May.

GOSPELERS TO COME

IOWA WORKERS AT CHRISTIAN CHURCH SUNDAY.

TO HOLD UNION MEET

"Billy Davison Team" Will Conduct Special Services—All Men's Organizations Are Invited.

The "Billy Davison Gospel Team" of Des Moines, Ia., will come to Maryville next Sunday to conduct a special service at the First Christian church.

This team is an organization of workers in the Central Christian church of Des Moines. It is composed of five business men of that city. The members are William Davison, leader; Dwight Lewis, assistant state commercial counsel; Guy Williams, a member of the Des Moines Register-Leader staff; Robert Garland, and a soloist who assists in the work.

A union men's meeting will be held in the afternoon at the Christian church, and the team will also have charge of the night service. It is expected the members will visit other churches in the morning and probably make short addresses in the various places.

County Organizations Will Attend.

Invitations have been extended to the county churches to attend the services, and all men's organizations in the city and county have been invited to attend the union meeting in the afternoon. Several of the county brotherhoods have already responded to the invitation and will bring large delegations to the service.

In a recent meeting held in Madrid, Ia., their work resulted in fifty-seven converts; at Garry, fifty-four; at Indianola, eighty-three at one meeting and forty-six at another; at Creston, thirty-eight converts, and at Oskaloosa, sixty-eight converts.

WHY NOT A DRAG DAY HERE?

Bedford, Ia., and Grant City Award Farmer Improving Roads Most.

A movement of commercial clubs and business organizations in several cities of Northwest Missouri and Iowa in setting apart "road drag days," with prizes for the best work done, has resulted in untold benefit in creating better highways, it is reported. It has been suggested that such a proposition be considered here.

Grant City was host to 130 farmers a week ago, each coming into town on a drag. The merchants of that Worth county town awarded the enterprising farmers well.

At Bedford, April 15 is set aside as "drag day." It is being launched by the city council, the Bedford Business Men's association and merchants generally. The first prize is $25, the second 20, and on down. There are 18 in all.

THEY ARE FISHING NOW.

Annual Stories in Season—Two Get 32 "Cats" on 102—One Catches Channel Variety.

The fishing season is here.

And with it comes also the inevitable story of lengthy piscatorial catches and of the hefty ones that got away.

It was rather chilly and a cool breeze was evident yesterday, but several Maryville residents hied forth just the same with the omnipresent can of worms and the crooked stick fishing pole and line. The 102 river was the destination point of most of the early birds in the Isaac Walton parade.

Two of the lucky ones were Loyd Miles and Loren DeMotte. Miles reports a catch of thirty-two "yellow belly" catfish, most of them caught by himself, while two were thrown away and one used for bait. DeMotte reports twenty-nine, showing a variance of three, which is not bad.

Another Walton follower displayed two channel catfish caught above the water plant, while another carried a string reaching to the ground, it is reported. Angle worms were used.

Forty acres was taken from the Myrtle Tree district and the remainder from the Bloomdale district. It is said the change will make school closer and handier to all affected.

WHY OF YELLOW BUTTER.

Experiments Show That Richness Does Not Increase With Color.

The belief that a bright yellow color in milk means richness in quality is not true. Experiments conducted at the college of agriculture of the University of Missouri show that the change from the white cream and butter in winter to yellow cream and butter in spring and summer does not indicate an increased fat percentage. The very highest colored milk that a cow can give may have the lowest fat percentage. Such a condition is found in the so-called colostrum milk, the first milk that a cow gives after giving birth to a calf.

The explanation of the wide difference between the results of the experiments and the popular belief in regard to the relation of color to richness lies in the cause of the natural yellow color of cream and butter. It was found that cows were not able to produce the yellow coloring matter for their cream and butter. The coloring matter must be derived from the feed. The yellow coloring matter of milk was found to be identical with a yellow coloring matter that is widely distributed in plants and fresh grass.

This coloring matter is called carotin. It takes its name from the carrot, where it is very abundant, and where it was first discovered by scientists more than one hundred years ago.

The difference in the color of cream and butter in winter and spring was found to be due to the fact that the winter feeds contain little or no carotin. No marked increase in the fat percentage accompanies the increase in color when foods rich in carotin are fed. It has been shown that the average cow gives a higher per cent of fat in its milk during the winter than in the spring and summer.

They are not generally known as lazy, either. And what is more Myers plowed out a bucket of potatoes unfrozen in his potato patch this spring. They were not in a bucket, however.

Another German Commerce Raider Enters U. S. Port.

Newport News, Va., April 12.—The German converted cruiser Kronprinz Wilhelm, the elusive raider of commerce in the south Atlantic, slipped into this port and asked for fuel and provisions. Many times reported destroyed, the former North German Lloyd liner had evaded hostile warships for eight months while it sent fourteen merchantmen to the bottom. Its officers said it was forced to steal its way past four allied cruisers off the Virginia capes to reach this refuge.

"We got in without being seen by the enemy and we can get out the same way," declared the commander, Lieutenant Captain Paul Thierfelder, formerly navigating officer of the German cruiser Karlsruhe, in a statement.

When it dropped anchor the Kronprinz Wilhelm had less than twenty-five tons of coal and scanty provisions for the crew of 500 men and sixty-one prisoners from British merchant ships sunk in the south Atlantic.

Of the fourteen ships that the 15,000-ton cruiser sank, nine were British, four French and one Norwegian. The value of these ships and their cargoes officers of the Wilhelm estimated at $7,000,000.

HAVOC OF HARRIMAN STRIKE

Attorney For Men Says Sixteen Driven to Suicide and Nine Made Insane.

Chicago, April 12.—The havoc wrought among the 30,000 shopmen whose strike against the so called Harriman lines in 1911 was lost was sketched statistically before the United States commission on industrial relations.

The witness was Frank Comerford, for many years attorney for the men. One thousand question blanks were sent at random to the strikers thirty-four months after the strike. His figures, Mr. Comerford explained, applied to these 1,000 men, and he thought that a fair social survey of the whole number could be obtained by multiplying his figures by thirty.

Of the 1,000 men whose replies were checked up, according to Mr. Comerford, 193 were single when the strike was called Sept. 30, 1911. There were 1,743 children, a small number which he thought might be traced to low wages and a subnormal scale of living. Forty-two per cent of the men owned their homes, or were buying them. The strike cost 15 per cent of these their homes, and of the whole number, 91 per cent moved from the lowly domiciles to even cheaper quarters. Twelve per cent of the strikers had to sell their furniture and 10 per cent to seek charity. The average period of idleness occasioned by the strike was one year. The witness claimed that he had traced sixteen cases of suicide to the strike and nine cases of insanity.

SAYS SAW SUBMARINE SINK RELIEF SHIP

London, April 12.—The captain of the Dutch steamer Elizabeth related the following story of the sinking of the British steamer Harpalyce:

"I was on the bridge of my ship, a mile astern of the Harpalyce, and could clearly see the flag of the American relief commission flying from the jib stay. Suddenly there was a cloud of smoke and a tremendous explosion. I put on full speed for the ship and then saw the periscope of a submarine within 300 feet of the Harpalyce, going away from the sinking ship."

WASTE OF TIME

The time of the most worthless people on earth is worth money if properly utilized. Then how much more valuable is the time of an industrious individual? You owe it to yourself and community to spend your moments to the greatest advantage. Should you spend an hour or two once a week turning a washing machine you are squandering valuable time because an Electric Washer can do the work better at a cost of one and a half cents an hour and give you time to utilize your energies on more intellectual matters.

You can purchase such a machine on monthly payments with your light bill at no advance in price.

CHICKENS MAY RUN LOOSE.

No City Ordinance Requires That Poultry Be Penned—Excepts Geese.

No, dear reader, you can't make your neighbors keep their chickens up.

At least not in Maryville, for there is no ordinance limiting the freedom of old biddy or her mate or her children, neither of ducks, duckling, ducklets or guineas.

Away back in 1902 an ordinance was passed which prohibited cattle, horses, sheep, hogs and geese from running at large, but geese was the only fowl on the ban.

So if you wish to be sure of tomatoes peas, lettuce and what-not from your garden this spring and summer, better enclose it, or place guards about it.

Several complaints already have come in Mayor Wright said, relative to chickens scratching up gardens and lawns, but nothing could be done by the city, until some other ordinance is passed. This, he said, might be considered at the next meeting of the council.

29 HIGH SCHOOLS IN ANNUAL MEET

MANY ENTRIES FOR LITERARY, ATHLETIC EVENTS 23-24.

MARYVILLE AFTER ALL

Local Students Will Compete on Track and for Declamation and Essay Honors.

The sixth annual literary and athletic contests at the State Normal school, April 23 and 24, by the Northwest Missouri Inter-High school association promises to be the best ever, judging from the number of entries already in and by the records the contestants made in the preliminary contests last week. The final day for entries closed Saturday night, although a number of entries, mailed from over the Normal district late Saturday, had not arrived here yesterday morning.

But even with just the number received up to that time it is shown that the meet this month will be the best ever. Twenty-nine schools from the district had entered competitors for either literary or athletic contests, or both, yesterday morning, and more were coming in the mail. The recording of the additional entries will not be made before Tuesday, however, on account of the absence today of Prof. H. P. Swinehart, corresponding secretary, who is in St. Joseph.

Strong Local Team Assured.

The Maryville high school also is to be a big factor in the athletic meet and also the declamatory contests this year, if present appearances are borne out, when the final time arrives for the try-outs. Central high school at St. Joseph, of course, is to be reckoned with and likewise Chillicothe. Maryville will be in the race good and strong, the boosters aver.

Of the twenty-nine high schools enrolled yesterday morning twenty-two were in athletics, eleven in the essay contests and perhaps the same number or more in both the boys and the girls declamatory contests. Of the total number, seventeen were entered last year, while twelve are new ones. Only three high schools of Nodaway county had then been recorded, they being Maryville, Hopkins and Skidmore. Quitman will not be among those present this year.

These Have Entered.

Schools that had been enrolled yesterday morning and the contests they are intending to take part in follow:

Bethany—Athletics.
Corning—Athletics.
Rosendale—Athletics.
New Hampton—All but boys declamation.
Platte City—All but girls declamation.
Chillicothe—All.
Grant City—All but essay.
Tina—Athletics.
Hamilton—Athletics and essay.
Skidmore—Athletics.
Mound City—Athletics and girls declamation.
Savannah—All but essay.
Weston—All but boys declamation.
Maryville—All.
Liberty—Athletics.
Trenton—All.
Breckenridge—All but essay.
Tarkio—All but essay.
Maitland—All but essay.
Pattonsburg—Athletics.
Stanberry—Girls declamation and athletics.
St. Joseph Central—All.
Easton—Essay.
Braymer—Essay and girls declamation.
Hopkins—All but athletics.
Cameron—Essay.
Jamesport—Declamations.
Gilman City—Declamations.
King City—Girls declamation.

Many Are New Ones.

Of this number the following were not present last year: Pattonsburg, Cameron, King City, Corning, Hamilton, Braymer, Skidmore, Tina, Hopkins, Jamesport, Easton and Gilman City.

Several schools entered last year had not yet been recorded yesterday, though it is believed fully as many, if not more, than last year, will take part in the contests. Only four so far entered in athletics have placed entries for all fifteen of the events. They are Chillicothe, Maryville, Trenton and St. Joseph Central.

No school can bring more than twelve men in the athletic team, nor run more than two in any event except the relay, when four are required. They can enter as many as five for each event, however.

The essays will be sent immediately to the three essay judges, who will pass upon their efficiency and return their decisions by the time of the contest, April 23. None of the three judges live here nor at any place where entries have been made. No student is given the names of the judges, nor the judges the names of the essay contestants, each essay being merely numbered.

The Maryville high school is entered in all athletic events as follows:

The various places at which these meetings will be held are H. E. Wright, 1122 North Main; R. S. Braniger, 616 North Buchanan; Preston Seafers, 549 West Second; H. C. Bower, South Buchanan; S. J. DeArmond, 324 East Third, and A. J. Harris, 1321 East First.

ALL TOOK AN AIRING.

Woods, Roads and Streets Drew Out Maryville Folks Yesterday.

Yesterday was an ideal day for a spring airing, and many folk of Maryville took advantage of it. The streets were lined fairly well with the paraders, in auto, buggy, afoot and in perambulator, but the rural highways, railroad tracks, meadows and pastures near town caught a greater percentage of them.

They went in the morning for an airing, again that afternoon and still again at night, so joyous was the day, so warm and inviting the sun and so joyful did the landscape beckon.

CLEAN-UP, THE WATCHWORD.

Clean-up day is coming so see what you can do
To brighten things around you, and make 'em look like new;
Clean up your mind of worry, and doubt and every fear,
And brighten up your future with a lot of hope and cheer.

Paint up a mental picture of what you want to do,
And frame it with self-confidence, and hang it in plain view;
Then get your broom and shovel, or the rake or an old hoe
And help our Maryville to brace up and make a show.

CIVIC CLUB MEETS

COMMERCIAL BODY ELECTS DIRECTORS TOMORROW NIGHT.

IS EIGHTH ANNIVERSARY

Banquet, Music, Election, Reports and Talks Will Fill Program at Ninth Annual Session.

The ninth annual business meeting of the Maryville Commercial Club to be held at the Elks club tomorrow night, beginning with a banquet at 6:30 o'clock is not going to be all routine, dull business, as the name would indicate. Besides the "eats" which are to be plentiful and tasty, there will be music, good music and a fair bunch of it, and several extemporaneous addresses by club members "for the good of the order." The meeting also will mark the anniversary of the Club, it being founded April 23, 1907.

During the feast, which will come first of course, musical selections will be given by Miss Bess Scott and Frank Schumacher and Maulding's orchestra.

Dinner partaken of, President Fred Hull will arise as oatstmaster and president of the club, and make a short talk. Then W. R. Jackson, secretary and general booster for the club Maryville and Nodaway county, will make his annual report.

In the wake of Secretary Jackson's report will come one from Joseph Jackson, Jr., chairman of the finance committee.

Then the election of three directors of the club to supplant the three retiring ones—J. F. Hull, W. F. Phares and Paul Sisson—will be held. Each is chosen for a term of three years, there being nine on the board. It is now composed of Dr. Jesse Miller, John H. Sewell, C. C. Hellmers, Joseph Jackson, Jr., Albert Kuchs, Charles Wadley, J. F. Hull, W. F. Phares and Capt. Paul Sisson.

The informal talks will close the meeting. The speakers will be several in number and picked at random through the crowd.

GOES TO ATTEND FUNERAL.

Sister of Mrs. W. A. Rickenbrode Dies Saturday at Paola, Kan.

W. A. Rickenbrode, registrar of the Normal, left this afternoon for Paola, Kan., to attend the funeral services of his sister-in-law, Mrs. J. O. Rankin, who died Saturday afternoon.

Mrs. Rickenbrode left Saturday morning for Paola, called by her sister's illness, but failed to reach there before Mrs. Rankin died.

Mrs. Rankin was the wife of Judge J. O. Rankin of the tenth judicial district court of Kansas. She suffered a stroke of paralysis about ten days ago, the illness resulting in her death. She is survived by her husband and a son and daughter. Both children are students this year at Baker university, Baldwin, Kan. The funeral services will be held tomorrow morning.

MAY ADD "OFF-HAND" DEBATING.

Local Officers of High School Association, Study Public Speaking at St. Joseph.

A study of a public speaking contest of the Central high school at St. Joseph today, for the purpose of perhaps adding that or extemporaneous debating in the annual inter-high school contests here in 1916, is being made today by local officers of the Northwest Missouri Inter-High School association. They are Prof. H. P. Swinehart, corresponding secretary, and W. M. Westbrook, treasurer. Prof. F. C. Touton, principal of the Central school, also is a member of the investigation committee.

It is planned by the committee to study some new addition to the annual contests, and present the matter to the general committee when it meets here April 23. The declamatory and oratorical contests and essays would not be eliminated, however, but merely this new feature be added.

Mrs. Turner at Hospital.

Mrs. W. Ben Turner of Sayre, Okla., underwent an operation for appendicitis this morning at St. Francis hospital. Her condition this afternoon was very good. LEECH GETS LOVING CUP

Donor Presents Trophy to Normal Athlete at Assembly This Morning.

Howard Leech, the Normal school indoor track champion, as determined by the track meet last Friday night, was presented with the DeHart & Holmes trophy this morning during the assembly hour at the Normal.

The handsome loving cup was presented by Louis DeHart. Mr. DeHart said the firm would continue to offer a cup each year. He also stated that next year an effort would be made to offer more prizes than the cup in order that a greater number of the contestants might be rewarded for their efforts in track endeavor.

The object of the meet was merely to stimulate a greater interest in track work and in some measure to begin preparations for the inter-collegiate track meet which is to be held at Springfield in May.

The members are William Davison, leader; Dwight Lewis, assistant state commercial counsel; Guy Williams, a member of the Des Moines Register-Leader staff; Robert Garland, and a soloist who assists in the work.

WHY NOT A DRAG DAY HERE?

Bedford, Ia., and Grant City Award Farmer Improving Roads Most.

A movement of commercial clubs and business organizations in several cities of Northwest Missouri and Iowa in setting apart "road drag days," with prizes for the best work done, has resulted in untold benefit in creating better highways, it is reported. It has been suggested that such a proposition be considered here.

Grant City was host to 130 farmers a week ago, each coming into town on a drag. The merchants of that Worth county town awarded the enterprising farmers well.

At Bedford, April 15 is set aside as "drag day." It is being launched by the city council, the Bedford Business Men's association and merchants generally. The first prize is $25, the second 20, and on down. There are 18 in all.

THEY ARE FISHING NOW.

Annual Stories in Season—Two Get 32 "Cats" on 102—One Catches Channel Variety.

The fishing season is here.

And with it comes also the inevitable story of lengthy piscatorial catches and of the hefty ones that got away.

It was rather chilly and a cool breeze was evident yesterday, but several Maryville residents hied forth just the same with the omnipresent can of worms and the crooked stick fishing pole and line. The 102 river was the destination point of most of the early birds in the Isaac Walton parade.

Two of the lucky ones were Loyd Miles and Loren DeMotte. Miles reports a catch of thirty-two "yellow belly" catfish, most of them caught by himself, while two were thrown away and one used for bait. DeMotte reports twenty-nine, showing a variance of three, which is not bad.

Another Walton follower displayed two channel catfish caught above the water plant, while another carried a string reaching to the ground, it is reported. Angle worms were used.

Forty acres was taken from the Myrtle Tree district and the remainder from the Bloomdale district. It is said the change will make school closer and handier to all affected.

WHY OF YELLOW BUTTER.

Experiments Show That Richness Does Not Increase With Color.

The belief that a bright yellow color in milk means richness in quality is not true. Experiments conducted at the college of agriculture of the University of Missouri show that the change from the white cream and butter in winter to yellow cream and butter in spring and summer does not indicate an increased fat percentage. The very highest colored milk that a cow can give may have the lowest fat percentage. Such a condition is found in the so-called colostrum milk, the first milk that a cow gives after giving birth to a calf.

The explanation of the wide difference between the results of the experiments and the popular belief in regard to the relation of color to richness lies in the cause of the natural yellow color of cream and butter. It was found that cows were not able to produce the yellow coloring matter for their cream and butter. The coloring matter must be derived from the feed. The yellow coloring matter of milk was found to be identical with a yellow coloring matter that is widely distributed in plants and fresh grass.

This coloring matter is called carotin. It takes its name from the carrot, where it is very abundant, and where it was first discovered by scientists more than one hundred years ago.

The difference in the color of cream and butter in winter and spring was found to be due to the fact that the winter feeds contain little or no carotin. No marked increase in the fat percentage accompanies the increase in color when foods rich in carotin are fed. It has been shown that the average cow gives a higher per cent of fat in its milk during the winter than in the spring and summer.

They are not generally known as lazy, either. And what is more Myers plowed out a bucket of potatoes unfrozen in his potato patch this spring. They were not in a bucket, however.

Another German Commerce Raider Enters U. S. Port.

Newport News, Va., April 12.—The German converted cruiser Kronprinz Wilhelm, the elusive raider of commerce in the south Atlantic, slipped into this port and asked for fuel and provisions. Many times reported destroyed, the former North German Lloyd liner had evaded hostile warships for eight months while it sent fourteen merchantmen to the bottom. Its officers said it was forced to steal its way past four allied cruisers off the Virginia capes to reach this refuge.

"We got in without being seen by the enemy and we can get out the same way," declared the commander, Lieutenant Captain Paul Thierfelder, formerly navigating officer of the German cruiser Karlsruhe, in a statement.

When it dropped anchor the Kronprinz Wilhelm had less than twenty-five tons of coal and scanty provisions for the crew of 500 men and sixty-one prisoners from British merchant ships sunk in the south Atlantic.

Of the fourteen ships that the 15,000-ton cruiser sank, nine were British, four French and one Norwegian. The value of these ships and their cargoes officers of the Wilhelm estimated at $7,000,000.

HAVOC OF HARRIMAN STRIKE

Attorney For Men Says Sixteen Driven to Suicide and Nine Made Insane.

Chicago, April 12.—The havoc wrought among the 30,000 shopmen whose strike against the so called Harriman lines in 1911 was lost was sketched statistically before the United States commission on industrial relations.

The witness was Frank Comerford for many years attorney for the men. One thousand question blanks were sent at random to the strikers thirty-four months after the strike. His figures, Mr. Comerford explained, applied to these 1,000 men, and he thought that a fair social survey of the whole number could be obtained by multiplying his figures by thirty.

Of the 1,000 men whose replies were checked up, according to Mr. Comerford, 196 were single when the strike was called Sept. 30, 1911. There were 1,743 children, a small number which he thought might be traced to low wages and a subnormal scale of living. Forty-two per cent of the men owned their homes, or were buying them. The strike cost 15 per cent of these their homes, and of the whole number 91 per cent moved from the lowly domiciles to even cheaper quarters. Twelve per cent of the strikers had to sell their furniture and 10 per cent to seek charity. The average period of idleness occasioned by the strike was one year. The witness claimed that he had traced sixteen cases of suicide to the strike and nine cases of insanity.

SAYS SAW SUBMARINE SINK RELIEF SHIP

London, April 12.—The captain of the Dutch steamer Elizabeth related the following story of the sinking of the British steamer Harpalyce:

"I was on the bridge of my ship, a mile astern of the Harpalyce, and could clearly see the flag of the American relief commission flying from the jib stay. Suddenly there was a cloud of smoke and a tremendous explosion. I put on full speed for the ship and then saw the periscope of a submarine within 300 feet of the Harpalyce, going away from the sinking ship."

WASTE OF TIME

The time of the most worthless people on earth is worth money if properly utilized. Then how much more valuable is the time of an industrious individual? You owe it to yourself and community to spend your moments to the greatest advantage. Should you spend an hour or two once a week turning a washing machine you are squandering valuable time because an Electric Washer can do the work better at a cost of one and a half cents an hour and give you time to utilize your energies on more intellectual matters.

You can purchase such a machine on monthly payments with your light bill at no advance in price.

CHICKENS MAY RUN LOOSE.

No City Ordinance Requires That Poultry Be Penned—Excepts Geese.

No, dear reader, you can't make your neighbors keep their chickens up.

At least not in Maryville, for there is no ordinance limiting the freedom of old biddy or her mate or her children, neither of ducks, duckling, ducklets or guineas.

Away back in 1902 an ordinance was passed which prohibited cattle, horses, sheep, hogs and geese from running at large, but geese was the only fowl on the ban.

So if you wish to be sure of tomatoes peas, lettuce and what-not from your garden this spring and summer, better enclose it, or place guards about it.

Several complaints already have come in Mayor Wright said, relative to chickens scratching up gardens and lawns, but nothing could be done by the city, until some other ordinance is passed. This, he said, might be considered at the next meeting of the council.
